CERT III IN HORTICULTURE

AHC30716 superseded by AHC30722

This certificate offers a pathway into high demand industry

Whether you want to maintain beautiful gardens, work outdoors or in a nursery helping customers choose plants, this course is for you. You'll learn the fundamentals of plant recognition and nutrition, pest, disease and weed control. Receive hands-on training in the BCAL training garden as well as industry work experience.

WHY US?

Small class sizes, expert trainers, technical skills and work placements. Perfect for school leavers or those looking for a new career.

“Join our great BCAL community. Germinate edibles and native plants all the way to harvest.”

Lino
